

Tech Tip

September 2025

Florida Hurricane Season

With hurricane season in full swing remember accessory kits for condensers as well as for VSPD products to minimize potential issues during a storm. Reminder of the applications bulletins for fresh water and Salt water flooding.

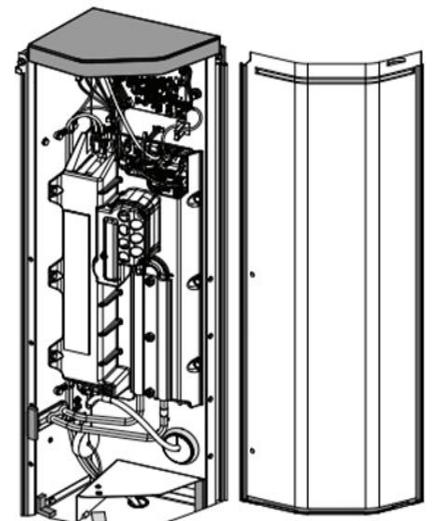

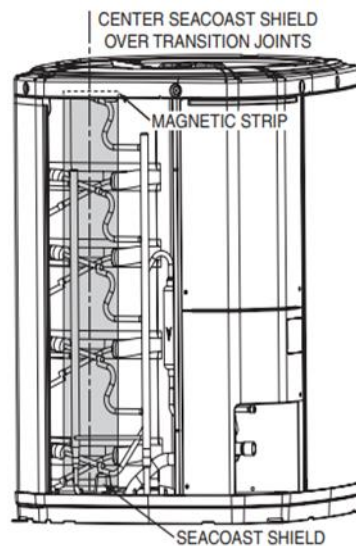

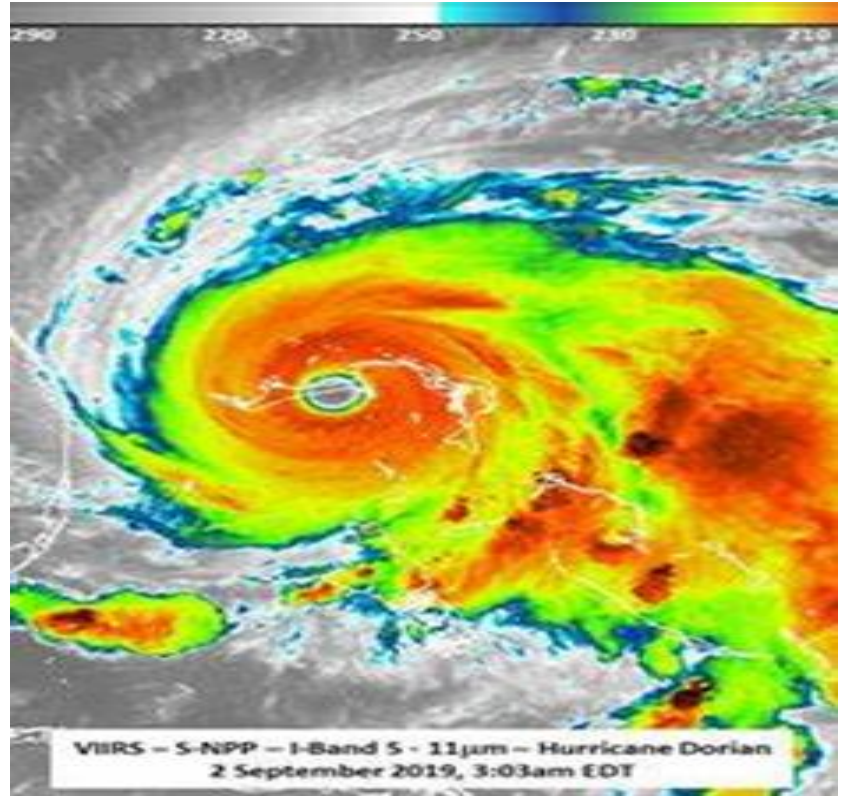

Coastal Kit VSPD: BAYECCK001

Sea Coast Kit: BAYSEAC001

Fresh water flooding: MISC_SVB001A

Salt water flooding: MISC_SVB002A

Bulletins are located on Comfortsite
